

BSR/ASHRAE Standard 229P, Protocols for Evaluating Ruleset Implementation in Building Performance Modeling Software

- 1. PURPOSE:** This standard establishes tests and acceptance criteria for implementation of rulesets (e.g., modeling rules) and related reporting in building performance modeling software.
- 2. SCOPE:**
 - 2.1** This standard applies to building performance modeling software that implements rulesets.
 - 2.2** This standard applies to rulesets associated with new or existing buildings and their systems, system controls, their sites, and other aspects of buildings described by the ruleset implementation being evaluated.
