BSR/ASHRAE/IES Addendum a to ANSI/ASHRAE/IES Standard 202-2018

Public Review Draft

First Public Review (April 2020)
(Draft shows Proposed Changes to Current Standard)

This draft has been recommended for public review by the responsible project committee. To submit a comment on this proposed standard, go to the ASHRAE website at www.ashrae.org/standards-research--technology/public-review-drafts and access the online comment database. The draft is subject to modification until it is approved for publication by the Board of Directors and ANSI. Until this time, the current edition of the standard (as modified by any published addenda on the ASHRAE website) remains in effect. The current edition of any standard may be purchased from the ASHRAE Online Store at www.ashrae.org/bookstore or by calling 404-636-8400 or 1-800-727-4723 (for orders in the U.S. or Canada).

This standard is under continuous maintenance. To propose a change to the current standard, use the change submittal form available on the ASHRAE website, www.ashrae.org.

The appearance of any technical data or editorial material in this public review document does not constitute endorsement, warranty, or guaranty by ASHARE of any product, service, process, procedure, or design, and ASHRAE expressly disclaims such.

ASHRAE, 1791 Tullie Circle, NE, Atlanta GA 30329-2305
FOREWORD

This addendum revises the Title, Purpose, and Scope of the standard to clarify that it applies to new buildings and new systems within existing buildings.

Note: This addendum makes proposed changes to the current standard. These changes are indicated in the text by underlining (for additions) and strikethrough (for deletions) except where the reviewer instructions specifically describe some other means of showing the changes. Only these changes to the current standard are open for review and comment at this time. Additional material is provided for context only and is not open for comment except as it relates to the proposed changes.

COMMISSIONING PROCESS FOR NEW BUILDINGS AND NEW SYSTEMS

1. PURPOSE

The purpose of this standard is to identify the minimum acceptable Commissioning Process (Cx) for new buildings and new systems.

2. SCOPE

2.1 This standard applies to:

   a. New buildings and their systems
   b. New portions of buildings and their systems
   c. New systems and equipment in existing buildings

2.2 This standard provides procedures, methods, and documentation requirements for each activity for project delivery, from predesign through occupancy and operations, including

   a. an overview of Commissioning Process (Cx) activities,
   b. a description of each process step’s minimum activities,
   c. minimum documentation requirements, and
   d. acceptance requirements.
