

**BSR/ASHRAE Addendum f
to ANSI/ASHRAE Standard 147-2019**

Public Review Draft

**Proposed Addendum f to
Standard 147-2019, Reducing the
Release of Halogenated Refrigerants
from Refrigerating and Air-Conditioning
Equipment and Systems**

**First Public Review (April 2024)
(Draft shows Proposed Changes to Current Standard)**

This draft has been recommended for public review by the responsible project committee. To submit a comment on this proposed standard, go to the ASHRAE website at www.ashrae.org/standards-research--technology/public-review-drafts and access the online comment database. The draft is subject to modification until it is approved for publication by the Board of Directors and ANSI. Until this time, the current edition of the standard (as modified by any published addenda on the ASHRAE website) remains in effect. The current edition of any standard may be purchased from the ASHRAE Online Store at www.ashrae.org/bookstore or by calling 404-636-8400 or 1-800-727-4723 (for orders in the U.S. or Canada).

This standard is under continuous maintenance. To propose a change to the current standard, use the change submittal form available on the ASHRAE website, www.ashrae.org.

The appearance of any technical data or editorial material in this public review document does not constitute endorsement, warranty, or guaranty by ASHARE of any product, service, process, procedure, or design, and ASHRAE expressly disclaims such.

(This foreword is not part of this standard. It is merely informative and does not contain requirements necessary for conformance to the standard. It has not been processed according to the ANSI requirements for a standard and may contain material that has not been subject to public review or a consensus process. Unresolved objectors on informative material are not offered the right to appeal at ASHRAE or ANSI.)

FOREWORD

This addendum makes changes to the title, purpose, and scope of Standard 147-2019.

[Note to Reviewers: This addendum makes proposed changes to the current standard. These changes are indicated in the text by underlining (for additions) and ~~striketrough~~ (for deletions) except where the reviewer instructions specifically describe some other means of showing the changes. Only these changes to the current standard are open for review and comment at this time. Additional material is provided for context only and is not open for comment except as it relates to the proposed changes.]

Addendum f to 147-2019

Revise the title, purpose, and scope as shown below.

Title: Reducing the Release of ~~Halogenated~~ Refrigerants from Refrigerating and Air-Conditioning Equipment and Systems

1. Purpose: This standard establishes practices and procedures that will reduce the inadvertent release of ~~halogenated~~ refrigerants.

2. Scope: The practices and procedures in this standard cover release reduction of ~~halogenated hydrocarbon and halogenated ether~~ refrigerants in the following circumstances:

- a. From stationary refrigerating, air-conditioning, and heat-pump equipment and systems
- b. During manufacture, installation, testing, operation, maintenance, repair, and disposal of such equipment and systems

Ammonia refrigerant and systems are excluded.
