

**BSR/ASHRAE/ASHE Addendum g  
to ANSI/ASHRAE/ASHE Standard 189.3-2021**

**Public Review Draft**

# **Proposed Addendum g to Standard 189.3-2021, Design, Construction, and Operation of Sustainable High-Performance Health Care Facilities**

**Second Public Review (June 2024)  
(Draft shows Proposed Changes to Current Addenda)**

This draft has been recommended for public review by the responsible project committee. To submit a comment on this proposed standard, go to the ASHRAE website at <https://www.ashrae.org/technical-resources/standards-and-guidelines/public-review-drafts> and access the online comment database. The draft is subject to modification until it is approved for publication by the Board of Directors and ANSI. Until this time, the current edition of the standard (as modified by any published addenda on the ASHRAE website) remains in effect. The current edition of any standard may be purchased from the ASHRAE Online Store at [www.ashrae.org/bookstore](http://www.ashrae.org/bookstore) or by calling 404-636-8400 or 1-800-727-4723 (for orders in the U.S. or Canada).

This standard is under continuous maintenance. To propose a change to the current standard, use the change submittal form available on the ASHRAE website, [www.ashrae.org](http://www.ashrae.org).

The appearance of any technical data or editorial material in this public review document does not constitute endorsement, warranty, or guaranty by ASHRAE of any product, service, process, procedure, or design, and ASHRAE expressly disclaims such.

**(This foreword is not part of this standard. It is merely informative and does not contain requirements necessary for conformance to the standard. It has not been processed according to the ANSI requirements for a standard and may contain material that has not been subject to public review or a consensus process. Unresolved objectors on informative material are not offered the right to appeal at ASHRAE or ANSI.)**

## FOREWORD

*This proposed addendum adds sterilization, cart wash, food service, and humidification to not rely on combustion of onsite fossil fuels for normal operations. This change reflects the growing trend to electrify buildings and clarifies the energy source of the operation by adding 'on-site fossil fuel'.*

**Note:** This addendum makes proposed changes to the current standard. These changes are indicated in the text by underlining (for additions) and ~~striketrough~~ (for deletions) except where the reviewer instructions specifically describe some other means of showing the changes. Only these changes to the current standard are open for review and comment at this time. Additional material is provided for context only and is not open for comment except as it relates to the proposed changes.

---

### **Addendum g to Standard 189.3-2021**

*Add new language to Section 7.6 as shown. The remainder of Section 7 is unchanged.*

## 7. ENERGY EFFICIENCY

[ ... ]

### 7.6 Electrification

- 7.6.1 Sterilization shall not rely on on-site fossil fuel combustion for normal operation.
- 7.6.2 Cart wash shall not rely on on-site fossil fuel combustion for normal operation.
- 7.6.3 Food service shall not rely on on-site fossil fuel combustion for normal operation.
- 7.6.4 Humidification shall not rely on on-site fossil fuel combustion for normal operation.
